

TRAVEL AWARD APPLICATION -- SUBMIT BY MAY 1, 2023

Limited travel reimbursement funds to defray costs of attending the 2023 IMAG/MSM meeting are available for those who have a financial need that prevents them from attending. Priority will be given to Early Career Investigators; however, all are welcome to request this support as needed. *Travel award applications received by May 1 will receive full consideration. Applications received after that date may be considered, pending availability of funds.*

Any researcher who submitted an abstract for this meeting may apply for a travel award. Awards will cover hotel and airfare to attend the meeting. Applicants will be notified by May 15 if they will be receiving a travel award.

The Travel Award Application consists of two documents:

1. Biosketch (no more than 2 pages) that includes contact information (address, phone, email) along with a one-page description of current research involvement/interests and career plans as they relate to multiscale modeling.
2. Include a cover letter to explain why attendance at the IMAG/MSM Past2Future Meeting would not be possible without financial support.

Combine both documents into a single .pdf file and upload to *Travel Awards section on the following page:*
